JD Irving Ltd. makes a Donation of Lumber to the Town

07 September 2021

ST. GEORGE – The Town of St. George would like to thank JD Irving Ltd. for the donation of lumber for the restoration of the audience benches at the Day Adventure Center.

In early August, the Town received forty-eight (48) pressure treated boards of 16 ft. length. In addition to the boards, the Town re-fabricated steel supports and repainted the frame.

The project was completed in time for a concerts in late August by the John Q. Trio, a jazz trio, and the Saint John String Quartet, Canada's leading chamber music ensembles.

The bleachers provide seating for musical concerts, outdoor church services, and local award ceremonies at the park.
