INDEPENDENT AUDITORS' REPORT

To Her Worship the Mayor and Members of Council of the Village of Blacks Harbour

Opinion

We have audited the financial statements of the Village of Blacks Harbour (the "Municipality"), which comprise the consolidated statement of financial position as at December 31, 2020, and the consolidated statements of operations, changes in net financial assets and cash flows for the year then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Village of Blacks Harbour as at December 31, 2020, and the results of its operations and changes in net financial assets for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Municipality in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Municipality or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Municipality's financial reporting process.

(continues)

Independent Auditors' Report to the Worship the Mayor and Members of Council of Village of Blacks Harbour (continued)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ldentify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Saint John, New Brunswick May 19, 2021

Notes to the Consolidated Financial Statements

December 31, 2020

1. Purpose of the Organization

The Municipality was incorporated as a Village by the Province of New Brunswick Municipalities Act on November 1, 1972 and was approved for status as a Municipality effective November 9, 1991 by an amendment of New Brunswick Regulation 85-6 under the Municipalities Act. On January 1,2018, the Municipalities Act was repealed and under sections 192 and 193 of the Local Governance Act, the Village continued to exist and its territorial limits remained unchanged. The Municipality is exempt from income tax under section 149 (1)(c) of the Canadian Income Tax Act. The Municipality provides services pertaining to community development.

2. Summary of significant accounting policies

The consolidated financial statements of the Municipality are the representations of management prepared in accordance with Canadian generally accepted accounting principles for local governments, as recommended by the Public Sector Accounting Standards Board of Chartered Professional Accountants of Canada.

The focus of Public Sector Accounting Standards ("PSAS") financial statements is on the financial position of the Municipality and the changes thereto. The Consolidated Statement of Financial Position includes all of the assets and liabilities of the Municipality.

No other entities have been included in these consolidated financial statements.

Significant aspects of the accounting policies adopted by the Municipality are as follows:

Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenues, expenditures and changes in net debt and cash flows of the reporting entity. The reporting entity is comprised of all organizations and enterprises accountable for the administration of their affairs and resources to the Municipality and which are owned or controlled by the Municipality.

Interdepartmental and organizational transactions and balances are eliminated.

Budget

The budget figures contained in these financial statements were approved by Council on December 18, 2019 and the Department of Environment and Local Government on January 8, 2020.

Revenue recognition

- (a) Unrestricted revenue is recorded on an accrual basis and is recognized when collection is reasonably assured. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred.
- (b) Other revenue is recorded when it is earned.

Expenditure recognition

Expenditures are recorded on an accrual basis.

VILLAGE OF BLACKS HARBOUR Notes to the Consolidated Financial Statements December 31, 2020

2. Summary of significant accounting policies (continued)

Use of estimates

The preparation of the consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amount of revenues and expenditures during the reporting period. These estimates are reviewed periodically, and as adjustments become necessary, they are reported in earnings in the period in which they become known. Actual results may differ from those estimates.

Examples of significant estimates include:

- allowance for doubtful accounts
- amortization of tangible capital assets
- estimated useful life and residual value of tangible capital assets
- accrued sick leave liability
- post employment benefit liability

Financial instruments

The Municipality's financial instruments consist of cash, portfolio investments, accounts receivable, due from the Province of New Brunswick, due from the Federal Government, due from own funds, payables and accruals, holdbacks payable, deferred revenue, and long-term debt. Unless otherwise noted, it is management's opinion that the Municipality is not exposed to significant interest, currency or credit risk arising from these financial instruments. The fair value of these financial instruments approximates their carrying values, unless otherwise noted.

The Municipality is subject to credit risk through accounts receivable. The Municipality minimizes credit risk through ongoing credit management.

Cash and cash equivalents

Cash and cash equivalents include cash on hand, balances with banks and short term deposits with original maturities of three months or less. Bank borrowings are considered to be financing activities.

Inventory of land for resale

Inventory is valued at the lower of cost and estimated net realizable value.

Inventory of supplies

Inventory is valued at the lower of cost and net replacement cost with cost being determined on the average cost basis.

Notes to the Consolidated Financial Statements

December 31, 2020

2. Summary of significant accounting policies (continued)

Tangible capital assets

The municipality follows the provisions of PSA 3150; Tangible Capital Assets. Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. Donated or contributed tangible capital assets are recorded at their fair market value at the date of construction or contribution. Tangible capital assets below a threshold of \$5,000 are expensed in the year of acquisition. Amortization shall begin in July of the year in which the costs were incurred. No amortization is recorded in the year of disposal. The cost of the tangible capital asset is amortized on a straight line basis over the estimated useful life as follows:

Asset type	<u>Years</u>
Land improvements	5-25 years
Buildings	40 years
Vehicles	3-5 years
Machinery and equipment	5-15 years
Heavy equipment	10-15 years
Computer hardware & software & communication equipment	3-5 years
Furniture & fixtures	3-5 years
Road surface	5-15 years
Road grade	10-30 years
Water and wastewater networks	15-100 years
Dams and water structures	25-50 years
Leasehold improvements	Over the term of the lease

Assets under construction are not amortized until the asset is available for productive use.

Contributed goods and services

With the exception of tangible capital assets which are recognized at their fair market value, the value of contributed goods and services are not recognized in the financial statements.

Segmented information

The Municipality is a diversified municipal unit that provides a wide range of services to its residents. For management reporting purposes, the Municipality's operations and activities are organized and reported by function. This presentation was created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations. Municipal services are provided by departments as follows:

Notes to the Consolidated Financial Statements

December 31, 2020

2. Summary of significant accounting policies (continued)

General Government Services

This department is responsible for the overall governance and financial administration of the Municipality. This includes council functions, general and financial management, legal matters and compliance with legislation as well as civic relations.

Protective Services

This department is responsible for the provision of policing services, fire protection, emergency measures, animal control and other protective measures.

Transportation Services

This department is responsible for common services, roads and streets maintenance, street lighting, traffic services, parking and other transportation related functions.

Environmental Health Services

This department is responsible for the provision of solid waste collection and disposal.

Environmental Development Services

This department is responsible for planning and zoning, community development, tourism and other municipal development and promotion services.

Recreation and Cultural Services

This department is responsible for the maintenance and operation of recreational and cultural facilities, including the arena, ballfields, parks and playgrounds and other recreational and cultural facilities.

Water and Wastewater Systems

This department is responsible for the provision of water and sewer services including the maintenance and operation of the underground networks, treatment plants, reservoirs and lagoons.

The Municipality has presented a schedule of segmented disclosure in Note 20 to the consolidated financial statements

Post-employment benefits

The Municipality recognizes its obligations under post-employment benefit plans and the related costs, net of plan assets. The Municipality has a sick leave benefit as documented in Note 10 and a pension plan as documented in Note 11.

2023	\$ 48,000
2024	\$ 29,000
2025	\$ 31,000

Notes to the Consolidated Financial Statements

December 31, 2020

10. Accrued sick leave

The Municipality provides sick leave that accumulates at 12 hours per month for full-time non-administrative employees and ranging from 8.75 to 10.5 hours per month for full-time administrative employees. Full-time non-administrative employees can accumulate a maximum of 1,400 sick leave hours and full-time administrative employees can accumulate a maximum of 1,225 sick leave hours. An employee can take a leave with pay for an amount of time equal to the accumulated sick leave. Upon retirement, non-administrative employees of the bargaining unit receive a 20% payout and administrative employees receive a 25% payout of their earned and accumulated sick time. Accumulated sick leave does not vest.

No actuarial valuation was performed at December 31, 2020 and the liability is based on management's best estimates. An actuarial valuation was last performed on the 8 (2019 - 8) employee plan in accordance with PSA 3255 at December 31, 2016. The actuarial method used was the Projected Unit Credit pro-rated on service to expected usage. The valuation was based on a number of assumptions about future events, such as interest rates, wage and salary increases and employee turnover and retirement. The assumptions used reflect the Municipality's best estimates.

The following summarizes the major assumptions in the valuation:

- annual salary increase is 3%;
- the discount rate used to determine the accrued benefit obligation is 5.75%
- retirement age is 65; and employees aged 65 or over as of the valuation date are assumed to retire one
 year from the valuation date
- · no deaths, disabilities or terminations are assumed to occur prior to retirement
- estimated net excess utilization of rate of sick leave, based on actual experience from 2010 to 2014, is 22.1 hours per annum

The sick leave is an unfunded benefit. As such, there are no applicable assets. Benefits are paid out of general revenue as they come due.

The unfunded liability was \$ 24,526 on December 31, 2020 and \$ 23,127 on December 31, 2019

11. Post employment benefits payable

(a) Pension obligation

The Municipality and its employees participate in the New Brunswick Municipal Employees Pension Plan (NB MEPP). The NB MEPP is a multiple-employer defined benefit pension plan administered by a board elected by the members under the provisions of the Local Governance Act of New Brunswick. The NB MEPP provides pensions based on length of service and best average earnings.

Actuarial valuations for funding purposes are performed either annually or triennially depending on the financial position of the NB MEPP (currently annually). In turn, the actuarial valuations for accounting purposes are based on these figures (with adjustments). The most recent actuarial valuation was prepared as at December 31, 2018 and resulted in an overall NB MEPP accrued benefit obligation of \$ 125,249,500 based on the accounting basis.

Notes to the Consolidated Financial Statements December 31, 2020

11. Post employment benefits payable (continued)

The actuarial valuation for accounting purposes was based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect management's best estimates. The following summarizes the major assumptions in the valuation as at December 31, 2020:

- the expected inflation rate is 2.10% (2019 2.10%)
- the discount rate used to determine the accrued benefit obligation is 5.75% (2019 5.75%) per annum
- the expected rate of return on assets is 5.75% (2019 5.75%) per annum
- retirement age varies by age and employment category
- estimated average remaining service life is (EARSL) is 14.0 years (2019 14.0 years)

The actuarial valuation prepared as at December 31, 2018 indicated that the market value of net assets available for the accumulated plan benefits were less than the present value of these benefits. The pension plan has been granted a solvency deficiency exemption by the Province of New Brunswick. On a going concern valuation basis, the actuarial valuation indicated a plan deficit of \$ 7,538,000, a change of \$ 7,581,100 from the December 31, 2017 surplus of \$ 43,100. Based on the assumptions as at December 31, 2018, the actuary expects the level of employer and employee contributions to be sufficient to fund the current service cost and going concern special payments, as required by the Pension Benefits Act.

As at December 31, 2018, the NB MEPP provides benefits for 258 retirees. Total benefit payments to retirees and terminating employees during 2020 are estimated to be approximately \$ 4,313,800 (actual 2019, \$ 5,759,400) in totality for the NB MEPP.

Employees make contributions using rates that vary by earnings level and employment category, with an overall average contribution rate of approximately 8.00%. Each participating body contributes an amount that equals their employees contribution amounts. Pension Fund Assets are invested in short term securities, bonds, canadian equities and foreign equities. Combined employees and participating bodies' contributions for 2020 are estimated to be approximately \$ 6,940,000 (actual 2019, \$ 6,775,300) in totality for the NB MEPP.

The following summarizes the NB MEPP data as it relates to the Village of Blacks Harbour:

- The average age of the 8 active employees covered by the NB MEPP is 52.7 (as at Dec 31,2018)
- Benefit payments were \$ 74,300 in 2019 and were estimated to be \$ 74,300 in 2020
- Combined contributions were \$ 59,400 in 2019 and were estimated to be \$ 60,400 in 2020

In addition to determining the position of the NB MEPP as it relates to the Village of Blacks Harbour as at December 31, 2018 and December 31, 2019, NB MEPP's actuary performed an extrapolation of the December 31, 2019 accounting valuation to determine the estimated position as at December 31, 2020. The extrapolation assumes assumptions used as at December 31, 2020 remain unchanged from December 31, 2019. The extrapolation also assumes assets return 5.75% net of all fees and expenses. If experience is different than assumed, amounts will be adjusted to reflect actual experience. Results of the extrapolation are as follows:

Notes to the Consolidated Financial Statements

December 31, 2020

11. Post employment benefits payable (continued)

•	Estimated 1-Jan-2020 1-Jan-201				
	31	to -Dec-2020		to 31-Dec-2019	
Accrued Benefit Liability / (Asset)					
Accrued benefit liability / (asset) at beginning of period	\$	186,300	\$	176,000	
Pension expense for the year		22,900		40,400	
Less: Employer contributions		(30,800)		(30,100)	
Accrued benefit liability / (asset) at end of period		178,400	\$	186,300	

In summary, the Accrued Benefit Liability as it relates to the Village of Blacks Harbour is estimated to be \$ 178,400 as at December 31, 2020. This compares to \$ 176,000 as at January 1, 2019 and \$ 186,300 as at December 31, 2019. This amount is included in the Post Employment Benefits Payable on the Consolidated Statement of Financial Position.

The financial position as it relates to the Accrued Benefit Liability is shown as follows and illustrates the unamortized amounts being recognized in Pension Expense over time:

	estimated I-Dec-2020	3′	1-Dec-2019
Reconciliation of Funded Status at End of Period			
Accrued benefit obligation	\$ 2,141,900	\$	2,042,900
Plan assets	2,063,500		1,964,300
Plan deficit / (surplus)	 78,400		78,600
Unamortized experience losses / (gains)	(100,000)		(107,700)
Accrued benefit liability / (asset) at end of period	\$ 178,400	\$	186,300

The following illustrates the reconciliation of Accrued Benefit Obligation from the beginning of period to the end of period:

Managed and a large 1 december 2				
Experience loss / (gain)		(7,700)		1,700

The Pension Expense is included in the statement of operations.

Notes to the Consolidated Financial Statements

December 31, 2020

12. Surplus/Deficit reconciliation

The Local Governance Act requires Water and Sewer Fund surplus/deficit amounts to be absorbed into one or more of four Operating Budgets commencing with the second following year. In addition, the General Operating Fund is not permitted to accumulate any surplus or deficit except for the current and immediately preceding year. The reconciliation of the surplus/deficit at the end of the year consists of:

		2020	2019
Net financial assets (liabilities)	\$	496,564 \$	213,652
Adjustments:		•	.,
Long term debt		659,000	744,000
Accrued sick leave: Non-vesting / unfunded portion		24,526	23,127
Other unfunded liability - NBMEPP		178,400	184,500
Land inventory for resale		19,865	57,366
Less: Inventory transferred from General Capital Fund		(11,891)	(11,891)
Inventory of supplies		78,188	73,335
Less: Inventory transferred from Utility Capital Fund		(26,364)	(26,364)
Prepaid expenses		4,865	4,804
Current net assets	\$	1,423,153 \$	1,262,529
Composition of current net assets			
General Fund Deficit for 2018 PNB purposes		\$	(6,934)
Utility Fund Surplus for 2018 PNB purposes		*	20,329
General Fund Deficit for 2019 PNB purposes	\$	(20,648)	(20,648)
Utility Fund Surplus for 2019 PNB purposes	•	18,902	18,902
General Fund Surplus for 2020 PNB purposes		37,356	
Utility Fund Surplus for 2020 PNB purposes		23,286	
Reserve Fund balances		1,364,257	1,250,880
	\$	1,423,153 \$	1,262,529

13. Contingent liability

In the normal course of operations, the Municipality becomes involved in various claims and legal proceedings. While the final outcome with respect to claims and legal proceedings pending at December 31, 2020 cannot be predicted with certainty, it is the opinion of management and council that resolution of these matters will not have a material adverse effect as the Municipality maintains insurance coverage in amounts considered appropriate.

Notes to the Consolidated Financial Statements

December 31, 2020

14. Short-term borrowings compliance

Interim borrowing for capital

The Municipality has no ministerial authority for short-term borrowings.

Operating borrowing

As prescribed in the Local Governance Act, borrowing to finance General Fund operations is limited to 4% of the Municipality's operating budget. Borrowing to finance Utility Fund operations is limited to 50% of the operating budget for the year. In 2020, the Municipality has complied with these restrictions.

Inter-fund borrowing

The Municipal Financial Reporting Manual requires that short-term inter-fund borrowings be repaid in the next year unless the borrowing is for a capital project. The municipality transacts all its operating transactions through one bank account which creates a balance payable from the Water and Sewer Operating Fund to the General Operating Fund. This balance is not in compliance with the requirements but interest is recorded at a rate of 4.0% (2019-5.5%) on the average monthly balance to ensure that no benefit or cost is attributed to either fund.

15. Water Cost Transfer

The Municipality's water cost transfer for fire protection is within the maximum allowable by Regulation 81-195 under the Local Governance Act based upon the applicable percentage of water system expenditures for the population.

16. Non-monetary transactions

Connors Bros. supplies potable water at no charge to the Village of Blacks Harbour from its source of supply in Pennfield, New Brunswick. The Village does not charge the company for water distributed through waterlines within the Village limits. No revenues or expenses are recorded in the financial statements for these transactions because the fair values are not reliably measurable.

17. Economic dependence

The Village of Blacks Harbour derives a significant portion of its property tax revenues from its major industry and its employees who reside within the Municipality.

The Village of Blacks Harbour is supplied potable water by Connor Bros. at no charge. The Village has completed potential well site exploration but no viable sources have been identified.

18. Comparative figures

Certain of the 2019 comparative figures have been reclassified to conform with the financial statement presentation adopted for the current year.

The Water and Sewer Capital Reserve Fund includes replacement reserves totalling \$ 97,047 (2019 - \$ 95,417). The Village has complied with the total transfers required under the Canada/New Brunswick Infrastructure Program agreement and Canada/New Brunswick Municipal Rural Infrastructure Program agreement.

Under Regulation 97-145 to the Municipalities Act, money held in capital reserve funds shall be used for no purpose other than the payment of capital expenses. Money held in operating reserve funds shall be used for no purpose other than the payment of operating expenses.
