All traffic safety measures are the responsibility of the contractor. The contractor will work with the Town on scheduling of work and assist in ensuring that residents impacted by work will be informed of schedule and traffic delays.

Source of asphalt (asphalt plant) cannot be any further than 100km from paving area(s).

Tenders must be quoted on as described for length, width and thickness on the attached sheet; and include all preparation work, sweeping and sub grading.

Each area listed must be priced on its own, because Council may need to determine if any of the locations have to be cut this year (2022) due to budget limits, once they know the costs from the tenders received.

If needed, Town staff is available to provide location verification of each area.

Lowest or any tender not necessarily accepted.
